

10th Annual Chicago Diabetes Day

Saturday, May 16, 2015

8:30 AM to 3:00 PM

Sponsored by
The University of Chicago
Diabetes Research and Training Center
and
Chicago Center for
Diabetes Translation Research

Sian Ellard, Ph.D. Searching for Monogenic Diabetes Genes in the 21st Century

**Rodica Pop-Busui, M.D.,
Ph.D.** Complications in Type 1 and Type 2 Diabetes: Lessons from Outcome Studies

**Christopher V. Wright,
D.Phil.** Pancreatic Endocrine Cell Birth and Endodermal Organ Interconversion: Prospective Tissue Engineering Applications?

**Ronald T. Ackermann, M.D.,
M.P.H.** The Rapid study: A Community-based Comparative Effectiveness Trial to Prevent Type 2 Diabetes in Economically Disadvantaged Adults

Poster Session

The University of Chicago
Donnelly Biological Sciences Learning Center
924 E. 57th Street
Chicago, IL 60637

Welcome

We are pleased to announce the 10th Annual Chicago Diabetes Day that will take place on Saturday May 16th, 2015. This conference is intended to serve as a forum for basic and clinical investigators, clinicians, and pharmaceutical industry personnels in Chicago and the Midwest to meet, share information, and discuss common interests with the goal of fostering collaborations between individuals and between institutions. Ample opportunities will exist throughout the day to meet with your colleagues. A poster session is planned for those who wish to share findings from current basic, clinical, or translational research. The top eight posters will receive an award of \$100 each.

We are excited about this event and encourage you to attend what promises to be a stimulating and productive day.

The Organizing Committee

Registration

Registration is simple and complimentary.

If you plan to attend, please reply to this email and type the words "will attend" in the subject line. You will receive an e-mail confirmation acknowledging your registration.

If you are unable to attend, type "will not attend" in the subject line.

You may also register by sending an e-mail with your name and institutional affiliation to:

zpaz@bsd.uchicago.edu

Program

- 8:30 AM Registration**
- 8:55 AM Welcome and Introduction**
Graeme I. Bell, Ph.D.
- 9:00 AM Searching for Monogenic Diabetes Genes in the 21st Century**
Sian Ellard, Ph.D.
Department of Molecular Genetics
University of Exeter Medical School
